EDUCATION

LNCT University

Bhopal, India

B.Tech in CSE (Artificial Intelligence & Machine Learning)

Expected Graduation 2027

- **Coursework:** Data Structures Algorithms, Database Management System, Machine Learning, Deep Learning, Artificial Intelligence, NLP, Web Development.
- **Areas of Interest:** Machine Learning, Deep Learning, Computer Vision, Generative AI

PROJECTS

Real Time Face Mask Recognition

Feb-Mar 2025

Team Lead

- Used CNN to extract features and classify them into devoted categories.
- Trained the model using Machine Learning, also used API for third party integration.
- Technologies Used : Python, OpenCV, TensorFlow, Keras, Deep Learning, Computer Vision, CNN, Machine Learning.

AI Interview Assistant

Sept-Oct 2025

Team Lead

- Built a real-time chat application enabling users to send and receive instant messages.
- Developed AI-powered platform to simulate interview scenarios.
- Used API for automated question-answering.
- Technologies Used : Python, Artificial Intelligence, Machine Learning, NLP, Flask, React, HTML, CSS, JavaScript, SQL.

Plagiarism Detection System

Mar-Apr 2026

Team lead

- Developed an AI-powered Detection System to identify copied and paraphrased content through semantic similarity analysis.
- Designed a user-friendly web application supporting PDF, DOCX, and TXT file analysis.
- Technologies Used : Python, NLP, Machine Learning, Text Processing, TF-IDF, Cosine Similarity, Flask, HTML, CSS, SQL

SKILLS

Programming : Python, SQL, CSS/HTML, R programming, Javascript

Tools : Jupyter Notebooks, Github, VSC, Microsoft Office

Data Management : Excel, Power BI, Tableau, Trello

CERTIFICATIONS

Machine Learning and Pattern Recognition – Samatrix (2025)

R Programming – Samatrix (2025)

Introduction to Cybersecurity – Cisco (2025)

Cybersecurity Essentials – Cisco (2025)

Introduction to IoT and Digital Transformation – Cisco (2025)

Neural Networks and Deep Learning – Samatrix (2026)

Deep Learning with Python, Tensorflow and Keras – Samatrix (2026)
